RECYCLE IT!

Week Long daycamp

We all see the blue containers on the curb and the recycling symbol all over town but what happens to items we recycle?

How can we reduce waste?

What can we do to reuse more things and put less in landfills?

Campers will make crafts with every day items and learn to reuse things in your home.

You have never seen so much fun with garbage!

JULY 29-AUGUST 2,
2013
